					Irregular Pattern
					No Container Dropped
					Non-Standard Container
					Careless / Reckless Operation

INSTRUCTIONS

Before duplicating, in the blank space provided after "SAFECON" enter the **Year**. For regional SAFECONS enter the **Year – Reg #**. Print one blank form for each heat, for each target. Punch holes at the top of the form for use with a 3-ring binder. Give one binder to each of the MD target captains. School names and the Dropmaster & Pilot Contestant ID No.'s can be added after the MD containers are retrieved. This will provide a cross-reference for scorekeeping, if needed. Penalties and DQ's **MUST** be transferred to MD scoring forms removed from the contestants containers before submitting those scoring forms and copies of this form to scorekeeping. Both sets of forms will be scanned and saved. Scanned images of the MD Scoring Forms (not this form) will be provided to each contestant's school advisor some time after SAFECON.

Please try and keep all forms dry and unwrinkled as much as possible to facilitate scanning.
